Milestone 9 In-Class Feedback, Milestone 11 Instructions

(2017-05-10, 2017-05-12)

Milestone 11 Rest of your app UI (1 of 2)

Due: Wednesday, May 17 at 1pm

- Start making progress on the rest of your app UI that surrounds your core map/geo part. You have 2 weeks for this set of milestones to finish up the UI that surrounds core map/geo stuff.
 - If you want to do more by this milestone, then go for it :)
- Create a `milestone11.md` Markdown file in GitHub repo, containing:
 - Description of what each team member has done on the project since you wrote up `milestone9.md` for Milestone 9.
 - At least one screenshot of the rest of your app's UI (not map/geo part)
 - You can include more screenshots if you want!

In-class activity for Wednesday and Friday:

- When you visit a team, get them to demo their app to you. It doesn't have to be super-polished at this point, though. (If you're giving feedback remotely, just look at the milestone9.md file, even though that's not ideal.)
- All teams who got visited **MUST** fill out **THIS FORM** [TODO: make a shoutkey]
 - (if some team didn't visit you, then mark them as absent)
- Each team should add feedback as a single comment to the "Milestone 9 feedback" GitHub issue. *But each team member should leave individual feedback labeled with their name.*

Feedback format: "I like, I wish ..."

Team A3: Our Awesome Team Name

John:

I Like - <paragraph>

I Wish - <paragraph>

Jane:

I Like - <paragraph>

I Wish - <paragraph>
